

IN THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS

1. (Currently Amended) A glove box assembly for automobiles comprising:
 - a housing selectively mounted in one of the left or and right side sides of an instrument panel from a driver seat of the automobile;
 - a lid rotatably attached to the front part of the housing;
 - a knob rotatably fitted in the lid such that the housing is opened or closed by means of the lid; and
 - an identifying member for identifying that identifies the knob fitted into the lid.

2. (Original) The assembly as set forth in claim 1, wherein the identifying member comprises:
 - a guide groove formed at the inside of the lid; and
 - a guide protrusion formed at the knob such that the guide protrusion is inserted into the guide groove.
